## Emerging Leadership

### LOCATION

Sugar Lake Lodge  
Cohasset MN

### DATES

14 - 16 May 2025

### ZERO COST

Lodging, Meals and Tuition  
are all included at no charge.

### About the Course

The Emerging Leadership course is designed for women who are preparing to take on leadership roles within their organizations. This three-day immersive program provides a research-based, women-centered approach to leadership development in a supportive and engaging environment. Participants will explore key leadership competencies while gaining the confidence and skills needed to grow into effective people leaders.

Women's leadership development is an ongoing journey that requires both individual and organizational commitment. This course examines the challenges facing today's workplaces while addressing the unique experiences of women in leadership. Participants will develop essential skills in Personal Competencies, Developing Others, and Financial, Business, and Strategic Acumen. Through interactive discussions and hands-on learning, attendees will engage deeply with real-world leadership issues, building the foundation for future success.

### OBJECTIVES

- Develop leadership confidence for career growth
- Enhance key skills in business, strategic, and financial acumen to make better leadership decisions
- Learn how to create a corporate culture which brings out the best in others to overcome workplace challenges

### AUDIENCE

This course is designed for current and emerging women leaders in public health, healthcare, EMS, and emergency management. It offers valuable leadership development for those looking to strengthen their skills, overcome challenges, and grow in their careers.

### APPLY NOW

Applications must be completed  
by 31 March 2025.
